The total number of students who have received an Emergency Financial Aid Grant to students under Section 18004(a)(1) of the CARES Act to date is 140 students.

## **Methods Used to Determine which Students Receive Aid and How Much**

The following is the method used by our institution to determine which students receive Emergency Financial Aid Grants and how much each student will receive under Section 18004(a)(1) of the CARES Act.

UTI required all students affected by COVID-19 to complete the “Request for Emergency Financial Aid Grant Funds Questionnaire.” The survey was designed to enable UTI to determine the financial areas in which our students were most significantly impacted by the Covid-19 pandemic. A thorough analysis of data gathered from the returned questionnaires made it evident that UTI could not meet the individual needs of each student. Therefore, it was decided that the funds would be distributed equally to all eligible students, and each student will receive \$578.71.

## **Instructions of Directions Given to Students**

The following instructions/directions/guidance was provided by our institution to students concerning the Emergency Financial Aid Grants.

Students were instructed to thoroughly complete questionnaires and to provide information regarding how they were financially

affected by Covid-19 which could prevent them from continuing their coursework here at UTI. Some of the areas in which we requested data were childcare, food, housing, and technological expenses. Students were asked to return the forms and were notified to come into the school to pick up their checks.

Students were asked to apply the funds in the areas in their lives in which they have the greatest need.
